

[Verse 1]

Way, way up have You led us Oh, Lord
Nearer to Your house, to life wholly in You
And we exalt You. We praise Your Holy Name
Sovereign God, there's no darkness in You
Life is streaming from Your throne and it's flowing back to You.
And we exalt You. We praise Your Holy Name

[Chorus]

You have defined us
As a people who are Yours
You're naming us "true sons"
And calling us to rule
And Your presence is our reward

[Verse 2]

In Your glorious light, You show us who we really are
We're believing in Your truth, we're not determined by our Self
And we exalt You. We praise Your Holy Name.
Power and strength, courage and boldness come from You
We are found in Your love and all our trust is in You
And we exalt You. We praise Your Holy Name.
