Verse 2

You are high and lifted up – Holy
 To each other we declare Your glory
 How great is the throne of Your dominion
 We see You and a mighty sound initiates
 Thick and towering is the cloud of worship we create
 Our hearts overflow with adoration

Bridge 2

We laud You, exalt You
 Our praise breaks forth before You
 They're shaking and quaking
 The realms are resonating
 Holy, Holy
 The earth is filled with Your glory
 Holy, Holy
 Heaven and earth are filled with Your glory

Chorus 2

To this place we have come
 From every nation, tribe and tongue
 To one voice and one song
 Explosive worship has begun
 Unending, Unrelenting
 Togetherness phenomenon
 We're speaking the same thing
 Our worship is (so) strong
