

[Verse]

The door is shut and the world is calm
Right here under the shelter and shadow of Your arms
Time has no voice as I seek Your face
In the stillness of Your Secret Place

This is where we meet
This is where You speak all that's in Your heart
You share Your deepest thoughts

You show me who I am
You make me understand
What Your grace can do
All that I have become in You

[Chorus]

This is no place I visit
I'm not merely passing through it
The core, the source, the centre of my life

There's no departing from it
But day by day upon it
I will build the structures of my life

I will abide, I will reside
In the secret place of the Most High
I will abide, I will reside
In the secret place of the Most High
